If you want to see your medical records, you need to contact your provider, who is responsible for maintaining your medical records. Neither your provider, nor Trice Imaging, Inc. is responsible for the security of the transmitted images once the text and email recipients you have designated download the images. By directing your provider to transmit the images to an email address and telephone number that you specify, you authorize your provider and Trice Imaging, Inc. to provide the images to the person who owns or uses the email address and telephone number and any persons who may have access to the telephone number and email address.
