CONSENT TO TREAT AND PAYMENT RESPONSIBILITY

The undersigned consents to medical care and treatment, as may be deemed necessary or advisable in the judgment of my physician or other provider. This may include, but is not limited to, laboratory procedures, ultrasounds, medical or surgical treatment, or procedures, or other services rendered to the patient under the general and special instructions of the physician or provider.

The undersigned understands that Women's Care of Alaska (WCAK) has agreed to bill my insurance as a courtesy. In order to process such payments and obtain procedure authorizations, WCAK may disclose any or all my medical record to medical service companies, insurance companies, or workman's compensation carriers, as necessary. The undersigned authorizes all insurance carriers, with whom I have coverage, including Medicare, Medicaid, and Tricare, to assign all payment of benefits due under the terms of my policy, to **Women's Care of Alaska**, including any settlements or judgments for such items or services. The undersigned agrees to notify WCAK of any changes in my insurance coverage, as soon as possible, to ensure there is no delay in billing. If, for some reason, my health insurance sends payment directly to me, I agree to immediately forward all payments that I have received for my care, and treatment, to WCAK. I understand and agree that I have been advised that I may be billed by WCAK and that this Assignment of Benefits and Agreement to Pay applies to any and all WCAK physician services, including both inpatient and outpatient charges, performed by my provider.

The undersigned understands that some items or services provided may not be covered by my insurance carrier, and I agree to be personally responsible for any such non-covered items or services in excess of the limits in my member benefit agreement. I understand that I am personally responsible for any item or service determined by my insurance company to be experimental, investigational, or to be non-covered for any other reason. I understand that I am personally responsible for any non-covered Medicare, Medicaid, Tricare items or services that are listed on the financial responsibility for non-covered items or services form. I am responsible for all copays, deductibles, and coinsurance established by my member benefit agreement.

The undersigned understands and agrees that all account balances are **due within 30 days of billing**. I also understand that if my account becomes delinquent, the account will be referred to an outside collection agency for payment resolution. If my account is referred to an outside collection agency, I agree to pay the reasonable attorney's fees, court costs and/or collection agency fees associated with the collection process.

INFORMED CONSENT – TELEMEDICINE APPOINTMENT

Telemedicine is the use of electronic information and communication technologies by a healthcare provider to deliver services to an individual when he/she is located at a different location than the healthcare provider. This may be for the purpose of diagnosis, treatment, follow-up and/or education. During your telemedicine consultation, details of your medical history and personal health information may be discussed with you or other health professionals through use of interactive video, audio, or other telecommunication technology. Additionally, a physical examination of yours may take place, and video, audio and/or photo recordings may be taken.

ANTICIPATED BENEFITS:

- Improved access to medical care by enabling a patient to remain in their location while the healthcare provider provides care from a distant site.
- Limiting the spread of COVID-19.
- More efficient medical evaluation and management.

POSSIBLE RISKS:

As with any medical procedure, there are potential risks associated with the use of telemedicine. These risks include, but may not be limited to:

- It may be determined that that information transmitted is of poor quality, requiring a face-to-face visit or rescheduled telemedicine visit. This may cause a delay in medical evaluation / treatment.
- Security protocols could fail or not be available, causing a breach of privacy of personal medical information.
- In rare cases, a lack of access to all your medical records may result in adverse drug reactions or allergic reactions or other judgment errors.

BY SIGNING THIS FORM, I UNDERSTAND THE FOLLOWING:

- I understand that I may expect anticipated benefits from the use of telemedicine in my care, but that no results can be guaranteed.
- I understand that all efforts will be taken to protect the privacy and security of health information, and that no information obtained in the use of telemedicine which identifies me will be intentionally disclosed without my authorization.
- I understand that during the COVID-19 Pandemic, security measurements may be lessened in accordance with U.S. Department of Health and Human Services to ensure improved access to care.
- I understand that I have the right to withhold or withdraw my consent to the use of telemedicine during my care at any time without affecting my right to future care or treatment.
- I understand that a variety of alternative methods of medical care may be available to me, and that I may choose one or more of these at any time. My healthcare provider has explained the alternative to my satisfaction.
- I understand that certain fees for service may be waived during the COVID-19 Pandemic depending on my insurance carrier. While all efforts will be made to follow guidelines during this fluid situation, I understand that I am still responsible for any co-payments or co-insurance that may apply, and if my medical insurance coverage is not sufficient to satisfy any excess cost(s), I will be responsible for payment.

I have read and understand the information provided above regarding telemedicine:

☐ I **DO** consent to Telemedicine Appointments.

☐ I **DO NOT** consent to Telemedicine Appointments.

Patient Disclaimer and Authorization

Tricefy™ is a communication service licensed to your provider. This Disclaimer and Authorization Agreement set forth the terms and conditions under which you, the undersigned patient authorize Your Provider to transmit your ultrasound examination through Trice Imaging, Inc. to a mobile phone number and email address of your choice. This Agreement will become effective on the date of your signature and will terminate after all images throughout your current pregnancy are sent to you.

After you complete and sign this Agreement, a mobile telephone number or email address you designate will be entered into our ultrasound system and re-verified with you. When your ultrasound screening is complete, in accordance with your provider's policies and procedures, the sonographer will trigger the ultrasound machine to send an encrypted copy of your examination to the Tricefy™ server.
